PRODUCT DESCRIPTION

Rhea is mouth blown cased glass. The white color is a soda dip resulting in a unique air bubble effect, giving the glass a textured look with a smooth, glossy surface. The blue is textured and mottled with various size and color frits, incorporating hues and subtle textures that vary in shade and intensity with changes in light.

Shades are configurable with three sconce options available in Chrome, Brushed Nickel & Rubbed Bronze finishes. Choose shade, shade color, sconce, and sconce finish. All Bi-Pin socket sets can accept an LED Bi-Pin (**JCLEED-2-30-WT** - order separately). All sconces come with an electronic transformer and are available with LED lampping.

Model: WS72LED
Lamping: 12V LED Socket Sets
Power: 4W
Lumens: 330
Color Temp: 3000K
CRI: 85
Dim: 100% - 10%

WS72
