Product Details

Description: Line voltage track head for use with WAC brand H, L, J & J2 series track systems. In addition it may fit other manufacturer's original track (consult factory for specific brands).

Materials: Metal track head and flexible arm with polycarbonate socket adjusting knob and track adaptor. Medium base 250V porcelain socket with nickel-plated copper screw shell.

Aiming: Capable of any horizontal and vertical aiming position. Adjusting knob changes the socket depth to accommodate multiple lamp types.

Lamping: Uses medium base PAR16, PAR20, PAR30, PAR38, R, G, or A style lamps, 150W max. 120 volt. Lamps sold separately.

Systems: HTK is used with the WAC H system track (HT)
JTK is used with the WAC J system and J2 system track (JT & J2-T)
LTK is used with the WAC L system track (LT)

Finish: Available in Black (BK), White (WT), Brushed Nickel (BN)

Listing: UL & CUL Listed. 5 year WAC Lighting product warranty.

Specification Features

- Classic "flexible" style track head provides maximum installation convenience with its ability to work on four different track systems.
- Fixture also available as a permanent surface mount, see spec sheet for models MO48 or MO48.
- Track head extensions are available for the H system. Extension lengths are 18", 24", 36" and 48". Available in Black (BK) or White (WT).
- Barn doors are available for the PAR20, PAR30 and PAR38 lamps. Order as PAR20BD, PAR30BD, or PAR38BD.
