HR	D326	BK	BN	WT	35w max MR16

Ordering Example (series – model number – finish): HR-D326-WT

**Product Details**

**Description:** Slotted aperture trim used for controlled highlighting or drama from a small aperture. The slot can be rotated around its axis for post installation adjustment. For use with HR-300 series low voltage downlight housings.  
Center lamp holder allows the lamp to be tilted to 25° from nadir.

**Materials:** Powder coated or plated brushed nickel finish on die-cast aluminum. Inner die-cast aluminum trim body with three heavy gauge retention clips to firmly hold trim to housing.

**Lamping:** Utilizes 12volt MR16 lamps, 35w max. Ordered separately. Trim supplied with clear tempered glass lens cover for lamp.

**Finish:** BK = Black  
BN = Brushed nickel  
WT = White

**Listing:** UL & CUL Listed. Suitable for damp locations.

**Specification Features**

- The supplied clear glass lens can be replaced with one lens accessory such as a colored dichroic lens, UV filter lens, frosted lens, etc. See catalog or website for full lens accessory selection.
- The three inch die-cast series is the smallest performance trim available for both commercial and residential lighting projects.
- Handles surface thickness up to 3/4".
- 5 year WAC Lighting product warranty.

**Compatible Housings (sold separately):**
