Product Details

Description: Line voltage track head using PAR20 lamps. Designed for use with W.A.C. H, L, J & J2 series track. In addition it may fit other manufacturer's original track (consult factory for specific brands).

Materials: Die-cast aluminum track head with die-cast locking knob for aiming and polycarbonate track adaptor. Medium base 250V porcelain socket with nickel-plated copper screw shell.

Aiming: 350° horizontal rotation and 90° vertical aiming. The side locking knob maintains aiming angle and fixture position integrity.

Lamping: Uses medium base PAR20 lamps, 50W max. 120 volt.

Systems: HTK is used with the W.A.C. H system track (HT).
JTK is used with the W.A.C. J system and J2 system track (JT & J2-T).
LTK is used with the W.A.C. L system track (LT)

Finish: Abrasion resistant power coat paint finish. Available in Black (BK), White (WT), Brushed Nickel with Black track adaptor (BN/BK) and Brushed Nickel with White track adaptor (BN/WT).

Listing: UL & CUL Listed. 5 year W.A.C. Lighting product warranty.

Specification Features

- Die-cast aluminum fixture with modern styling of the classic gimbal ring design. Compliments any interior space while providing the utmost in flexibility.

- The 753 series track head utilizes the second circuit on the J2 style track with the use of the JClip (ordered separately).

- Line voltage track head extensions are available for the H system, available in 18", 24", 36" and 48" lengths. Add H18, H24, H36 or H48 to ordering code. Ordered as Black or white.

W.A.C. Lighting reserves the right to modify the design of our products as part of our continuous improvement program.
